Desired date:	_____	Alternative date:	_____
Medical diagnoses:	_____		

1. With my signature I confirm that I am aware that the staff members of the SAN ESPRIT healer team are neither doctors nor alternative practitioners but spiritual healers that fulfil their task to help people exclusively by the spiritual powers of the minds.
2. I am aware that Spiritual Healing is no treatment in a medical sense but a merely spiritual procedure. ***"SAN ESPRIT Ltd. emphasizes that the use of Spiritual Healing is not based on neither medical or psychological knowledge and skills and therefore do not want to give the impression of providing medical or psychotherapeutic treatment. Energy Work and Spiritual Healing is ritual/spiritual/counselling/indicatory and not medical/psychological/physiotherapeutic."***
3. I confirm that I am aware that the members of the SAN ESPRIT healer team do not make any promises for healing nor make diagnoses: ***"Beneficial personality developments and changes of mental and physical sensitivities by means of Spiritual Healing have often been reported. These reports are, however, exclusively well-documented personal experiences. Every person responds differently to spiritual healing and energy work. Therefore, SAN ESPRIT Ltd. cannot give any guarantee for effectiveness or harmlessness. We do not make any promises for success or healing."***
4. ***"Energy work and Spiritual Healing are neither a medical healing method nor a form of psychotherapy. Therefore, you should always consult your doctor in case of severe health problems. An ongoing medical treatment should not be interrupted or abandoned and a future necessary treatment should not be postponed or completely omitted. With my signature I confirm that the responsibility is entirely up to me."***

5. ***I confirm that I will be taking part in possible courses and seminars at the centre of SAN ESPRIT Ltd. at my own risk and that I take complete responsibility for my own development." Energy work can enable people to take their life in their own hands and to act instead of react. We emphasize that this newly found freedom can lead to a change of life. A counselling employing Spiritual Healing only covers possibilities for solutions, patterns and suggestions for improvement. To what extent they are adopted is at the discretion of the individual. These are merely recommendations for dealing with limiting life beliefs and mental/physical sensitivities, as well as the design of relationships in the professional or private environment. This does not imply any promise for effectiveness. San Esprit Ltd. does not accept any responsibility for the further conduct of life of the client and does not give any guarantee for the fulfilment of hopes and expectations."***
6. I confirm that I am aware that the Clinic for Spiritual Healing is not a kind of wellness hotel or rehabilitation clinic and that my stay there will be at my own risk. Liability for grossly negligent conduct on the part of the staff members of SAN ESPRIT Ltd. is excluded from this.
7. I confirm that I am aware that there will be no television, no room service, no emergency bell, no trained nurse, no telephone, no safe and that possible catering in the house is not included in the price.
8. I confirm that a basic price of 220 Euros incl. VAT per night and treatment day is agreed upon. This includes at least 2 intensive sessions of spiritual healing per day. Services by external therapists will be separately invoiced by them.
9. I confirm that I am aware that the minimum stay at the SAN ESPRIT clinic is 3 nights and 3 days and that the stay has to be settled on site in cash or by credit card.
10. I am aware that all services provided by the clinic, its staff members as well by external therapists will not be covered by any health insurance but have to be settled by myself.
11. I confirm that I am aware that the members of the SAN ESPRIT healer team are not subject to any legal secrecy agreement but have agreed to a voluntary secrecy agreement.
12. I confirm that I am aware that smoking is not allowed on the entire terrain and in the house and that I am expected not to take any alcohol during my entire stay.
13. I confirm that I am aware that the house is not handicapped or wheelchair accessible.

With my signature I confirm that I am not under the influence of mind-altering drugs or other substances. I am aware that I have to expect merely spiritual help.
